## Report of Brooklin Fire Department

Fires for the past year have not been too numerous. Two fires were a complete loss of buildings, one was at Leland Segar's where barn, car and cattle were destroyed. Other fires were of a minor nature. There were eight chimney fires, making a total of ten fires.

Chimney fires	8
Other fires	2

Grass was burned in as many places as time and weather would permit. We are sorry if we didn't get yours burned, but will not burn where it constitutes a hazard.

A two-way radio has been installed in the Fire Truck with the County Hook-up. This, we hope, will give us a better and more efficient service.

We have also purchased a Inhalator to be used for any emergency in town.

Thanking all for your cooperation and help.

Fire Chief Winslow Bowden

## REPORT OF SUPERINTENDENT OF SCHOOLS

To the citizens of Brooklin:

I submit herewith the financial report of the school department, the budget of the school committee, and my first annual report as your superintendent of schools.

School enrollment reported during the fall term was as follows: Sub-Primary, 9; Grade One, 11; Grade Two, 12; Grade Three, 6; Grade Four, 7; Grade Five, 5; Grade Six, 7; Grade Seven, 6; Grade Eight, 12; Grade Nine, 10; Grade Ten, 6; Grade Eleven, 7; Grade Twelve, 9; Total Enrollment, 107.

Jeffrey Bubar, instructor of French, English and social studies, was the only new teacher on the Brooklin staff at the beginning of the school year.

Paul Dow assumed duties at the high school on January 22 accepting the position vacated by Mr. Bubar, whose resignation became effective during Christmas vacation.

Work completed on the septic tank and drainage field at the high school was the major maintenance project of the year. An itemized cost of this project may be read in the financial section of our report.

An Arithmetic Workshop was presented for the teachers in November. Two days were spent studying the newer trends and techniques of instruction being used in mathematics. State Department of Education representatives assisting in the workshop were Ray Cook, Clarence Bennett, Villa Quinn, and Bertha Carter.

The school lunch program under the direction of Margaret Gray is operating very efficiently. In view of the program's present financial status, the school committee is recommending an appropriation of \$500 instead of the \$750 requested last year.

To improve inadequate science laboratory facilities, the school committee is, also, recommending the purchase of a movable laboratory demonstration table and adequate accompanying equipment. The acquisition of this table and equipment should enable us to strengthen our science program considerably.

I wish to express my gratitude to the school committee members; Mrs. Blackmore, school union secretary; local organizations; and all individuals who have worked so diligently during the year for the benefit of better schools.

Respectfully submitted,

OZIAS H. BRIDGHAM

Superintendent of Schools

## Principal's Report

---

Brooklin High School started off the year with a total enrollment of 33 students; 10 Freshmen, 7 Sophomores, 6 Juniors, and 10 Seniors. The Junior High school had a total enrollment of 25. At this time, we have a total of 34 having gained one student in November.

The basic aim of your High School is, as in the past, to prepare your boys and girls for one of two things: (1) the termination of formal education and introduction into community life, and (2) more advanced formal education. To these ends your High School and staff has directed all its efforts.

During the course of the year, many programs have been carried out to stimulate interest. We can only hope that in some small way this has been created in both parent and student. This is your school and your help and support is both welcomed and appreciated. To the ladies who help with our suppers; to the parents and friends who support our activities; and especially to those who brave the rigors of winter driving to transport our basketball teams, we want to give a very special thanks.

The Alumni Association has made much progress on the new ball field. Many yards of fill have been hauled and leveled. This is certainly a much needed addition to the school.

Concluding, let me personally say thanks to the very capable and dedicated School Board and Superintendent for all their hours of hard work and sincerity, and to Mrs. Moore, Mrs. McCarthy, and Mr. Dow for making this as successful a year as possible.

# Auditor's Report

---

February 10, 1962

Board of Selectmen  
Brooklin, Maine  
Gentlemen:

In accordance with your request we have made a limited general post audit of the accounting records of the Town of Brooklin, Maine for the year ended January 27, 1962. Our examination and accompanying report was based upon the audit procedures recommended by The National Committee on Governmental Accounting and our understanding of the prescribed standards intended by Chapter 405, Section 26, of the 1957 Public Laws of Maine.

We herewith submit our report consisting of exhibits and supporting schedules, together with such qualifications, analysis and recommendations necessary to develop the purpose of a municipal audit.

## Certificate

Based upon our examination and subject to the foregoing, we hereby certify that, in our opinion, the accompanying report properly presents the financial condition of the Town of Brooklin, Maine as at January 27, 1962 and the results of its operations for the year then ended, in accordance with generally accepted methods of municipal accounting.

Respectfully submitted,  
W. C. WHEELER  
Public Accountant

## COMMENTS

A very favorable financial gain for the year is evident from the increase of \$3,223.45 in your unappropriated surplus as analyzed on Exhibit C. This gain was realized because the overdrafts were limited to \$82.96 for Aid to Dependent Children and \$.41 in the Town Road account, in contrast to the unexpended balances which totaled \$4,136.68, one factor being a decrease of \$909.64 in the cost of snow removal compared with the prior year. An increase in the tax levy for administration, combined with a decrease of \$267.47 in the cost also resulted in a favorable balance in contrast to the overdraft of \$704.42 incurred in the previous year. It was observed, however, that the total tax levy for departmental operations was \$4,141.50 greater than for the prior year, the principal increases being \$2,006.00 for education, \$750.00 for protection and \$1,375.00 for general government, all other differences being minor.

We found that the accounting principles and the concept of Municipal affairs are being carried out as contemplated. There has been an excellent performance by the officials with whom we have been in contact. Our only suggestion in respect to financial affairs concerns the town report which appears to cost somewhat more than necessary.
